GET YOUR B.S. IN ENGINEERING TECHNOLOGY MANAGEMENT FROM USC UPSTATE

ABOUT THE PROGRAM?

The Bachelor of Science in Engineering Technology Management (ETM) was designed for engineering technology associate degree holders who wish to earn a bachelor's degree with only an additional two years of coursework.

WHAT ARE THE BENEFITS?

- General education classes and one year of technical credits will transfer.
- Most of the courses are offered in the evening.
- Coursework includes project management, cost and work analysis, systems decision making, probability and statistics, and quality practices.
- Enables graduates to be an effective interface between technicians and upper managers.
