

Problem Resolution for Registration Errors on SFAREGS:

In an effort to streamline registration, it has been decided to use a permit override for the Level Restriction issue. You would resolve the error the same way you resolve the Pre-requisite error.

SFAREGS

- First, DD the course(s), save, save, ok rollback.
- Next Block, next block, click Curriculum Tab
- Verify 1st curriculum record is TE and major is correct. (if not, see note in **RED** below)
- Click Registration Tab. Click OPTIONS...Click SFASRPO (the form to Assign Permits/Overrides to Student)
- Double Click in PERMIT Box.. select LEVEL
- Enter course information (CRN # or Subject Course), SAVE.
- Click (X) to exit form and return to SFAREGS
- Enter RE (registration status) over the DD (dropped status) for each course
- Save, Save, OK Rollback.

A permit/override would be entered for each CRN# that has the LEVEL Restriction error.

(VERY IMPORTANT: CURRICULUM TAB..if CE major is 1st record or if TE major is incorrect, please contact STUDENT RECORDS.

This could affect fee assessment and posting of financial aid to a student's account.)
