REPORT OF INDEPENDENT AUDITORS

Members of the Area Commission for Piedmont Technical College
Piedmont Technical College
Greenwood, South Carolina

We have audited the accompanying basic financial statements of Piedmont Technical College, (the "College") a member institution of the South Carolina Technical College System, as of and for the year ended June 30, 2011, as listed in the table of contents. These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the component unit, Piedmont Technical College Foundation (the "Foundation"), which statements reflect total assets of \$8,357,111 as of June 30, 2011 and total revenue of \$1,305,361 for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion the basic financial statements referred to above present fairly, in all material respects, the financial position of Piedmont Technical College at June 30, 2011, and the results of its operations and the cash flows of its business type activity for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated September 8, 2011, on our consideration of the College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Management's Discussion and Analysis is not a part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of Piedmont Technical College taken as a whole. The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. This information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

Our audit was conducted for the purpose of forming an opinion on the College's basic financial statements. The other financial information as listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. This information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT DISCUSSION AND ANALYSIS

We present management's discussion and analysis of the College's financial performance during the fiscal year ended June 30, 2011 to assist the reader in understanding the College's operations. This discussion should be read in conjunction with the College's basic financial statements, the component unit's financial statements and the accompanying note disclosures.

Financial Highlights

- The assets of Piedmont Technical College exceeded its liabilities at June 30, 2011 by \$40,562,099. Of this amount, \$9,784,494 may be used to meet the College's ongoing obligations.
- The College's net assets increased by \$2,251,831 or 5.9%, primarily due to completion of the McCormick County Center and other miscellaneous capital projects.
- The College experienced an operating loss of \$24,697,419 as reported in the Statement of Revenues, Expenses, and Changes in Net Assets. However, this operating loss was offset by State appropriations of \$6,073,844, County appropriations of \$2,497,957, Federal grants of \$18,119,880 and other non-operating revenues.

Overview of the Financial Statements

The College is engaged only in Business-Type Activities (BTA) financed in part by fees charged to students for educational services. Accordingly, its activities are reported using the three financial statements required for proprietary funds: Statement of Net Assets; Statement of Revenues, Expenses, and Changes in Net Assets; and Statement of Cash Flows.

The Statement of Net Assets is a point-in-time financial statement that presents the financial position of the College at the end of the fiscal year and classifies assets and liabilities into current and non-current components. The difference between total assets and total liabilities is net assets, which are displayed in three broad categories: invested in capital assets (net of related debt), restricted, and unrestricted. Net Assets is one indicator of the current financial condition of the College, while the change in net assets is an indicator that the overall financial condition has improved or worsened during the year.

The Statement of Revenues, Expenses, and Changes in Net Assets is basically a statement of net income that presents the College's results of operations. Revenues and expenses are categorized by operating and non-operating, and expenses are reported by natural classification.

The Statement of Cash Flows will aid readers in identifying the sources and uses of cash by the major categories of operating, non-capital financing, capital and related financing, and investing activities. This statement also emphasizes the College's dependence on State and County appropriations by separating them from operating cash flows.

Financial Analysis of the College as a whole

The following schedule is a condensed version of the College's assets, liabilities and net assets and is prepared from the Statement of Net Assets.

	Net Assets As of June 30 (in millions)			
	<u>FY 2011</u>	<u>FY 2010</u>	<u>Increase/ Decrease</u>	<u>Percent Change</u>
Current Assets	\$ 23.1	\$ 22.1	\$ 1.0	4.5%

Unrestricted	9.8	9.4	0.4	4.3%
Total Net Assets	<u>\$ 40.5</u>	<u>\$ 38.3</u>	<u>\$ 2.2</u>	<u>5.7%</u>

This schedule is prepared from the College's Statement of Net Assets, (page 11) which is presented on an accrual basis of accounting whereby assets are capitalized and depreciated. Total net assets at June 30, 2011 increased to \$40.5 million from \$38.3 million in fiscal year 2010.

The Change in Net Assets is shown on page 9 in the Analysis of Net Assets chart. Net assets may serve over time as a useful indicator of an entity's financial position. In the case of the College, assets exceeded liabilities by \$40,562,099 at the close of the most recent fiscal year.

By far, the largest portion of the College's net assets (53 percent) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment) less any related debt used to acquire those assets that is still outstanding. The College uses these capital assets to provide services to students; consequently, these assets are *not* available for future spending.

Approximately 23 percent, or \$9,395,875, of the College's net assets represent resources that are subject to external restrictions on how they may be used. *Unrestricted net assets* of \$9,784,494 or approximately 24 percent may be used to meet the College's ongoing obligations.

Cash decreased by \$579,899. Overall cash provided from non-capital financial activities included State and County appropriations, grants and gifts, and other income of approximately \$26.7 million, used to fund operating activities.

The following schedule is a summary of the College's operating results for the fiscal year:

	<u>FY 2011</u>	<u>FY 2010</u>	<u>Increase/ Decrease</u>	<u>Percent Change</u>

Other Revenues, Expenses, Gains or Losses	0.2	3.3	(3.1)	-93.9%
Net Assets, Beginning of Year	<u>38.3</u>	<u>32.6</u>	<u>5.7</u>	<u>17.5%</u>
Net Assets, End of Year	<u>\$ 40.5</u>	<u>\$ 38.3</u>	<u>\$ 2.2</u>	<u>5.7%</u>

A large portion of the revenue included in the Grants and Contracts category represents student financial assistance, which is used to pay tuition and fees for students to attend the College. An approximation of tuition and fees paid from this source of funds has been recognized as a reduction of tuition and fees in the form of scholarship allowances, in order to eliminate duplication of revenues.

The following are graphic illustrations of revenues by source:

Total Operating Expense	\$ 42.8	\$ 40.8	\$ 2.0	4.9%

Overall operational expenditures increased 4.9 percent for the current fiscal year. The increase is a result of increased scholarships expense and the College's continued efforts to provide our students with the best educational environment possible through improved instruction, student services, programs and information technology needs.

The following is a graphic of operating expenses:

In excess of \$18,666,516, or 43%, of the College's operating expenses occurred in the instruction and academic support classifications.

Analysis of Net Assets

Economic Factors

The ongoing economic downturn has impacted the College through continued reductions in State funding for operations. Reductions in State operational funding were in excess of 17.5 percent, and the College will enter into fiscal year 2011-2012 with the State only funding approximately 8 percent of its total estimated expenditures. As during past recessions, student enrollment has increased at a faster pace than in good economic times, requiring greater expenditures for services rendered. The College continues to offer tuition rates that are appealing to students, and management believes the College's financial health will remain stable. The fiscal improvement during 2010-2011 enhanced the College's financial position, and management believes the College is well positioned to continue to maintain and provide sufficient resources to successfully serve its students.

Component Units

Piedmont Technical College includes the financial statements of the Piedmont Technical College Foundation within the financials of the College in accordance with GASB Statement No. 34 paragraph 10. Financial statements for the Foundation can be obtained by mailing a request to Piedmont Technical College Foundation, P.O. Box 1467, Greenwood, SC, 29648.

PIEDMONT TECHNICAL COLLEGE
Notes to Financial Statements
June 30, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Nature of Operations

Piedmont Technical College (the "College"), a member institution of the South Carolina Technical College System, provides a range of educational programs to meet the needs of the adult population of Greenwood, Abbeville, McCormick, Saluda, Laurens, Newberry and Edgefield counties. Included in this range of programs are technical and occupational associate degree, diploma and certificate curricula that are consistent with the needs of employers in the College's service area. As an integral part of this mission, the College provides a program of continuing education designed to satisfy the occupational demands of employers through retraining and upgrading the skills of individual employees. The College also provides a variety of developmental education programs, support services and offerings to assist students in meeting their personal and professional educational objectives.

B. Reporting Entity

The financial reporting entity, as defined by the Governmental Accounting Standards Board (GASB) consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete. Accordingly, the financial statements include the accounts of Piedmont Technical College, as the primary government, and the accounts of Piedmont Technical College Foundation (the "Foundation"), its component unit. The College is part of the primary government of the State of South Carolina. However, based on the nature and significance of the Foundation's relationship with the State of South Carolina, the Foundation is not a component unit of the State of South Carolina.

The Foundation is a legally separate, tax-exempt organization with a self-perpetuating Board of Directors. The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the College in support of its programs. The 35 member board of the Foundation is composed of members from the College's seven county region. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon, which the Foundation holds and invests is restricted by the donors to benefiting the College or its students. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the College, the Foundation is considered a discretely presented component unit of the College. The Foundation's financial information is presented in separate financial statements because of the difference in its reporting model, as further described below.

The Foundation is a private not-for-profit organization that reports its financial results under guidance issued by the Financial Accounting Standards Board (FASB) through its Accounting Standards Codification (ASC). Under this guidance, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. The financial information has been obtained from the Foundation and presented for the same periods. Significant note disclosures to the Foundation's financial statements have been incorporated into the College's notes.

A complete set of the financial statements for the Foundation can be obtained by mailing a request to Piedmont Technical College Foundation, P.O. Box 1467, Greenwood, SC, 29648.

C. Financial Statements

The College's financial statements are presented in accordance with Governmental Accounting Standards Board ("GASB") Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. The financial statement presentation required by GASB Statements No. 34 and No. 35 provides a comprehensive, entity-wide perspective of the College's net assets, revenues, expenses and changes in net assets and cash flows.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

D. Basis of Accounting

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. Student tuition and auxiliary enterprise fees are presented net of scholarships and fellowships applied to student accounts, while stipends and other payments made directly are presented as scholarship expenses. All significant intra-institutional transactions have been eliminated.

The College has elected not to apply FASB pronouncements issued after November 30, 1989.

E. Cash and Cash Equivalents

For purposes of the statement of cash flows, the College considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

F. Deposits

State law requires that a bank or savings and loan association receiving State funds must secure the deposits by deposit insurance, surety bonds, collateral securities, or letters of credit to protect the State against any loss. To address the custodial credit risk and compliance with the above mentioned law, the College has a written policy that collateral securities are held in the name of the College for any deposits with financial institutions that are in excess of the amount covered by the Federal Deposit Insurance Corporation (FDIC).

G. Investments

The College accounts for its investments at fair value in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Changes in unrealized gain (loss) on the fair value of investments are reported as a component of investment income in the statement of revenues, expenses, and changes in net assets.

The College is authorized by the South Carolina Code of Laws, Section 11-9-660, to invest in obligations of the United States and its agencies, obligations of the State of South Carolina and its political subdivisions, collateralized or federally insured certificates of deposit, and collateralized repurchase agreements.

Custodial Credit Risk for investments is the risk that, in the event of the failure of the custodian, the College will not be able to recover the value or will not be able to recover sufficient alternative securities that are in the possession of an outside party. For additional information on the College's procedures relating to custodial credit risk, refer to *Note 3*.

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of a deposit. Piedmont Technical College does not maintain deposits that are denominated in a currency other than the United States dollar; therefore, the college is not exposed to this risk. It is the policy of the College that all deposits and investments be denominated in United States Dollars.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The College has no rated debt investments. The credit risk exposure of the College is limited to the deposits exposure.

Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment or the earnings potential of an investment. As interest rates rise during a holding period the price potential purchasers are willing to pay for a lower rate security decreases. The College's investment policies address the selection of securities including certificates of deposit based on the best available rate for the needed term as determined through cash management techniques. The exposure to interest rate risk through stated fixed rates and length of maturity are disclosed in *Note 3*.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

H. Accounts Receivable

Accounts receivable consists of tuition and fee charges to students, gift pledges and auxiliary enterprise services provided to students, faculty and staff. Accounts receivable also include amounts due from the Federal government, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the College's grants and contracts. Accounts receivable are recorded net of an allowance for estimated uncollectible amounts. The allowance for losses for student accounts receivable are established based upon actual losses experienced in prior years and evaluations of the current account portfolio.

I. Capital Assets

Capital assets are recorded at cost at the date of acquisition or fair market value at the date of donation in the case of gifts. The College follows capitalization guidelines established by the State of South Carolina. All land is capitalized, regardless of cost. Qualifying improvements that rest in or on the land itself are recorded as depreciable land improvements. Major additions, renovations and other improvements that add to the usable space, prepare existing buildings for new uses, or extend the useful life of an existing building are capitalized. The College capitalizes movable personal property with a unit value in excess of \$5,000 and a useful life in excess of two years and depreciable land improvements, buildings and improvements, and intangible assets costing in excess of \$100,000.

Routine repairs and maintenance and library materials, except individual items costing in excess of \$5,000, are charged to operating expenses in the year in which the expense was incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 15 to 50 years for buildings and improvements and land improvements and 2 to 25 years for machinery, equipment, and vehicles. A full year of depreciation is taken the year the asset is placed in service and no depreciation is taken in the year of disposition.

J. Deferred Revenues

Deferred revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Deferred revenues also include amounts received from grant and contract sponsors that have not yet been earned.

K. Compensated Absences

The College follows the policy of the State of South Carolina which provides for the accumulation of each employee of up to 45 days of annual leave and 180 days for sick leave at varying rates earned based on years of service. Upon termination of employment, accrued vacation time, limited to 45 days, is paid to the employee; however, rights to accumulated sick leave benefits do not vest and are added to service credit upon termination, up to 90 days.

Unused vacation is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as a component of long-term liabilities in the statement of net assets and as a component of benefit expenses in the statement of revenues, expenses, and changes in net assets.

L. Net Assets

The College's net assets are classified as follows:

Invested in capital assets, net of related debt: This represents the College's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt.

Restricted net assets - expendable: Restricted expendable net assets include resources in which the College is legally or contractually obligated to spend in accordance with restrictions imposed by enabling legislation or external third parties.

Restricted net assets - nonexpendable: Nonexpendable restricted net assets consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

PIEDMONT TECHNICAL COLLEGE
Notes to Financial Statements
June 30, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Unrestricted net assets: Unrestricted net assets represent resources derived from student tuition and fees, appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College, and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty and staff.

Within the unrestricted net asset classification is an amount required by State policy for 30 days operating expenditures. The balance reported must equal this 30 day requirement for the College to be in compliance with this policy. In addition, project planning is performed with a greater than one year horizon for which resources have been tentatively committed.

The College's policy for spending either restricted or unrestricted resources is delegated to the departmental administrative level. General practice is to first apply the expense to restricted resources and then to unrestricted resources.

The Foundation's net assets are classified into the following three classes:

Unrestricted net assets are free of donor-imposed restrictions and include all revenues, expenses and losses that are not changes in temporarily or permanently restricted net assets. Unrestricted net assets include the Foundation's operating and plant accounts and board designated funds set aside for investment purposes. The unrestricted designated net assets are subject to the control of the Foundation's Board.

Temporarily restricted net assets include gifts, grants, income, gains and pledges for which donor-imposed restrictions have not been met. These funds are available for scholarships, grants and other approved programs upon satisfaction of the donor-imposed restrictions.

Permanently restricted net assets include gifts and trusts which require that the corpus be invested in perpetuity in accordance with donor restrictions and gains which have been donor-stipulated to be permanently invested.

M. Income Taxes

The College is exempt from income taxes under the Internal Revenue Code. The Foundation is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

N. Classification of Revenues

The College has classified its revenues as either operating or non-operating revenues according to the following criteria:

Operating revenues: Operating revenues generally result from exchange transactions to provide goods or services related to the College's principal ongoing operations. These revenues include (1) student tuition and fees received in exchange for providing educational services, housing, and other related services to students; (2) receipts for scholarships where the provider has identified the student recipients; (3) fees received from organizations and individuals in exchange for miscellaneous goods and services provided by the College; and (4) grants and contracts that are essentially the same as contracts for services that finance programs the College would not otherwise undertake.

Non-operating revenues: Non-operating revenues include activities that have the characteristics of non-exchange transactions. These revenues include gifts and contributions, appropriations, investment income, and any grants and contracts that are not classified as operating revenue or restricted by the grantor to be used exclusively for capital purposes.

The Foundation has classified and recognized revenue and expenses according to the following criteria:

Revenues are reported as increases in unrestricted net assets classification unless use of the related assets is limited by donor-imposed restrictions. Contributions, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give are not recognized as revenue until the conditions on which they depend are substantially met. Contributions for in-kind gifts from outside sources are not recorded in the Foundation's financial records, but are accounted for and acknowledged separately.

PIEDMONT TECHNICAL COLLEGE

Notes to Financial Statements

June 30, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Expenses are reported as decreases in unrestricted undesignated or unrestricted designated net assets as appropriate. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted undesignated or unrestricted designated net assets unless their use is restricted by explicit donor stipulation or by law.

O. Auxiliary Enterprises and Internal Service Activities

Auxiliary enterprise revenues primarily represent revenues generated by bookstore and canteen services. Revenues of internal service and auxiliary enterprise activities and the related expenditures of college departments have been eliminated.

P. Capitalized Interest

The College capitalizes as a component of construction in progress interest cost in excess of earnings on debt associated with capital projects that will be capitalized in the applicable capital asset categories upon completion. The College did not have interest cost during the year ended June 30, 2011, and no interest was capitalized.

Q. Comparative Information

The College's statements include comparative information from the prior year. Certain prior year balances have been reclassified to conform to current year presentation.

NOTE 2 - STATE APPROPRIATIONS

State funds for operations for the South Carolina Technical College System are appropriated to the State Board for Technical and Comprehensive Education (the Board) and the Board allocates funds budgeted for the technical colleges in a uniform and equitable manner. The following is a detail schedule of State appropriations revenue reported in the financial statements for the fiscal year ended June 30, 2011.

NOTE 3 - DEPOSITS AND INVESTMENTS

Deposits

The bank balances for deposits of the College at June 30, 2011, were \$21,703,141. Of these, \$1,062,047 is covered by FDIC. In addition, \$20,786,752 is collateralized by securities held by the institution pledged in the College's name. The remaining balance is collateralized by securities held by the agent of the institution pledged in the College's name. The College recognized no loss due to default by counterparties to investment transactions and amounts recovered from prior period losses.

The Foundation reports a book balance of \$178,852 with a bank balance of \$256,275 all of which is covered by FDIC.

NOTE 6 - PENSION PLAN(S)

The Retirement Division of the State Budget and Control Board maintains four independent defined benefit plans and issues its own publicly available Comprehensive Annual Financial Report (CAFR) which includes financial statements and required supplementary information. A copy of the separately issued CAFR may be obtained from its website www.retirement.sc.gov or by writing to Financial Services, South Carolina Retirement Systems, P.O. Box 11960, Columbia, South Carolina 29211. Furthermore, the Retirement System and the four pension plans are included in the CAFR of the State of South Carolina.

Article X, Section 16, of the South Carolina Constitution requires that all State-operated retirement systems be funded on a sound actuarial basis. Title 9 of the South Carolina Code of Laws of 1976, as amended, prescribes requirements relating to membership, benefits, and employee/employer contributions for each pension plan. Employee and employer contribution rates for the South Carolina Retirement System and the Police Officers Retirement System are actuarially determined. Annual benefits, payable monthly for life, are based on length of service and on average final compensation.

South Carolina Retirement System

The majority of employees of the College are covered by a retirement plan through the South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan administered by the Retirement Division, a public employee retirement system. Generally all State employees are required to participate in and contribute to the SCRS as a condition of employment unless exempted by law as provided in Section 9-1-480 of the South Carolina Code of Laws. This plan provides retirement annuity benefits as well as disability, cost of living adjustment, death, and group-life insurance benefits to eligible employees and retirees.

The required contributions rates from the employees participating in the SCRS were 6.50 percent for fiscal years ended June 30, 2011, 2010, and 2009, respectively. The required contribution rates from the employer were 9.24 percent for these same fiscal years. The College's actual contributions to the SCRS for these fiscal years were equal to the required contributions and amounted to \$1,366,243, \$1,315,307, and \$1,287,675, respectively. In addition, the College, as employer, is required to contribute a surcharge to fund retiree health and dental insurance coverage of 3.90 percent, 3.50 percent, and 3.50 percent for 2011, 2010, and 2009, respectively. As a result the actual contribution rates were 13.14 percent, 12.74 percent, and 12.74 percent for the fiscal years ended June 30, 2011, 2010, and 2009, respectively. Also, the College paid employer group-life insurance contributions of \$22,179 in the current fiscal year at the rate of 0.15 percent of compensation.

Police Officers Retirement System

The South Carolina Police Officers Retirement System (PORS) is a cost-sharing multiple-employer defined benefit public employee retirement plan administered by the Retirement Division. Generally all full-time employees whose principal duties are the preservation of public order or the protection or prevention and control of property destruction by fire are required to participate in and contribute to the System as a condition of employment. This plan provides annuity benefits as well as disability and group-life insurance benefits to eligible employees and retirees. In addition, participating employers in the PORS contribute to the accidental death fund which provides annuity benefits to beneficiaries of police officers and firemen killed in the actual performance of their duties. These benefits are independent of any other retirement benefits available to the beneficiary.

The required contribution rates from the employees participating in the PORS were 6.5 percent for the fiscal years ended June 30, 2011, 2010, and 2009. The required contribution rates from the employer were 11.13 percent for 2011, and 10.65 percent for 2010 and 2009. The College's actual contributions to the PORS for these fiscal years were equal to the required contributions and amounted to \$13,937, \$10,206, and \$8,783, respectively. In addition, the College, as employer, is required to contribute a surcharge to fund retiree health and dental insurance coverage at a rate of 3.90 percent for 2011, and 3.50 percent for 2010 and 2009, respectively. As a result the actual contribution rates were 15.03 percent for 2011, and 14.15 percent for 2010 and 2009, respectively. Also, the College paid employer group-life insurance contributions of \$250 and accidental death insurance benefits is 0.20 percent of compensation.

NOTE 6 - PENSION PLAN(S), Continued

Optional Retirement Program

The State Optional Retirement Program (State ORP) was first established as the Optional Retirement Program for Higher Education in 1987. In its current form, the State ORP is an alternative to the defined benefit SCRS plan offered to certain state, public school and higher education employees of the State. The State ORP, which is administered by the South Carolina Retirement Systems, is a defined contribution plan. State ORP participants direct the investment of their funds into a plan administered by investment providers. The State assumes no liability for State ORP benefits. Rather, the benefits are the liability of the investment providers and are governed by the terms of the contracts issued by them.

Under State law, contributions to the ORP are required at the same rates as for the SCRS, 9.24 percent plus the retiree surcharge of 3.90 percent from the employer in fiscal year 2011.

Employees are eligible for group-life insurance benefits while participating in the State ORP. However, employees who participate in the State ORP are not eligible for post-retirement group life insurance benefits. For the fiscal year, total contribution requirements to the ORP were \$78,312 (excluding the surcharge) from the College as employer and \$55,090 from its employees as plan members. In addition, the College paid to the SCRS employer group-life insurance contributions of \$1,271 in the current fiscal year at the rate of 0.15 percent of compensation.

Deferred Compensation Plans

Several optional deferred compensation plans are available to State employees and employers of its political subdivisions. Certain employees of the College have elected to participate. The multiple-employer plans, created under Internal Revenue Code Sections 457, 401(k), and 403(b), are administered by third parties and are not included in the Comprehensive Annual Financial Report of the State of South Carolina. Compensation deferred under the plans is placed in trust for the contributing employee. The State has no liability for losses under the plans. Employees may withdraw the current value of their contributions when they terminate State employment. Employees may also withdraw contributions prior to termination if they meet requirements specified by the applicable plan.

Teacher and Employee Retention Incentive

Effective January 1, 2001, Section 9-1-2210 of the South Carolina Code of Laws allows employees eligible for service retirement to participate in the Teacher and Employee Retention Incentive (TERI) Program. TERI participants may retire and begin accumulating retirement benefits on a deferred basis without terminating employment for up to five years. Upon termination of employment or at the end of the TERI period, whichever is earlier, participants will begin receiving monthly service retirement benefits which will include any cost of living adjustments granted during the TERI period. Because participants are considered retired during the TERI period, they do not earn service credit and are ineligible to receive group life insurance benefits or disability retirement benefits. Effective July 1, 2005, employees who choose to participate in the TERI Program will be required to make SCRS contributions.

In addition, the State General Assembly periodically directs the Retirement Systems to pay supplemental (cost of living) increases to retirees. Such increases are primarily funded from Systems' earnings; however, a portion of the required amount is appropriated from the State General Fund annually for the SCRS and PORS benefits.

NOTE 7 - POSTEMPLOYMENT AND OTHER EMPLOYEE BENEFITS

Postemployment Benefits

The State provides post-employment health and dental benefits to retired employees and their covered dependents through a plan which has been determined to be a cost-sharing multiple-employer defined benefit post-employment healthcare plan by its trustee, the Comptroller General's Office of the State of South Carolina. The plan is administered by the Employee Insurance Program (EIP), a part of the State Budget and Control Board (SBCB). A retiree's eligibility for the health and dental benefits is based on his hire date and years of earned retirement service credit. Generally, ten years of service credit with the SC Retirement System is required for full funding of employees enrolled in the system prior to May 2, 2008. For all others who may become enrolled, eligibility requires fifteen years of service for partial funding and twenty-five years for full funding.

In addition the State provides long-term disability benefits to active employees through the Long-Term Disability Plan which has been determined to be a cost sharing multiple-employer plan by its trustee, the Comptroller General's Office of the State of South Carolina. The plan is administered by the Employee Insurance Program (EIP), a part of the State Budget and Control Board (SBCB). Benefits under this plan are provided to the employee upon approval of the disability by the SC Retirement System.

Section 1-11-710 and 1-11-720 of the South Carolina Code of Laws of 1976, as amended, requires the post-employment benefits be funded through annually established employer's contribution rates, also known as the pension surcharge. Funding for the employer's payment of the surcharge is provided through General Appropriations from the State and other sources. Effective May 1, 2008 through Act 195, the State established the South Carolina Retiree Health Insurance Trust Fund and the Long-Term Disability Insurance Trust Fund for the purpose of funding and accounting for the employer costs of retiree health and dental insurance benefits and employee long-term disability benefits. The Retiree Health Insurance Trust Fund is primarily funded through the payroll surcharge. Other sources of funding may include additional State appropriated dollars, accumulated EIP reserves, and income generated from investments. The College's actual contribution to this trust fund for the fiscal year ended June 30, 2011, 2010, and 2009 was \$576,661, \$498,223, and \$487,756 which equaled the required contribution rate of 3.90 percent for 2011, and 3.50 percent for 2010 and 2009 as discussed in *Note 6*. The Long-Term Disability Insurance Trust Fund is funded through a per person premium charged to State agencies, public school districts, and other participating local governments. The monthly premium per active employee contributed to the trust was \$3.22 for the fiscal year ended June 30, 2011.

By state law, the State is liable for the employer share of retiree premiums. Accordingly, an annual required contribution and related liability for the College, as employer, is not included in the accompanying financial statements.

Audited financial statements of the trust funds may be obtained by written request to Employee Insurance Program, SC Budget and Control Board, 1201 Main Street, Suite 360, Columbia, South Carolina 29201.

Other Employee Benefits

In accordance with the South Carolina Code of Laws and the annual Appropriation Act, the State of South Carolina provides certain health care, dental, and life insurance benefits to all permanent full-time and certain permanent part-time employees of the College. These benefits are provided on a reimbursement basis by the employer agency based on rates established at the beginning of the service period by the Employee Insurance Program within the SC Budget and Control Board.

The College recorded benefit expenses for these insurance benefits for active employees in the amount of \$1,284,461 for the year ended June 30, 2011.

NOTE 8 - RISK MANAGEMENT

The College is exposed to various risks of loss and maintains State or commercial insurance coverage for each of those risks. Management believes such coverage is sufficient to preclude any significant uninsured losses for the covered risks. Settlement claims have not exceeded this coverage in any of the past three years.

PIEDMONT TECHNICAL COLLEGE
Notes to Financial Statements
June 30, 2011

NOTE 8 – RISK MANAGEMENT, continued

The State of South Carolina believes it is more economical to manage certain risks internally and set aside assets for claim settlement. Several state funds accumulate assets and the State itself assumes substantially all the risk for the following claims of covered employees:

- Unemployment compensation benefits
- Worker's compensation benefits for job-related illnesses or injuries
- Health and dental insurance benefits
- Long-term disability and group-life insurance benefits

Employees elect health insurance coverage through either a health maintenance organization or through the State's self-insured plan. See *Note 7* for discussions of amounts paid.

The College and other entities pay premiums to the State's Insurance Reserve Fund (IRF), which issues policies, accumulates assets to cover the risk of loss, and pays claims incurred for covered losses relating to the following activities:

- Theft, damage to, or destruction of assets
- Real property, its contents, and other equipment
- Motor vehicles and watercraft
- Torts
- Natural disasters
- Medical malpractice claims against the Infirmary

The IRF is a self-insurer and purchases reinsurance to obtain certain services and to limit losses in certain areas. The IRF's rates are determined actuarially.

The College obtains coverage through a commercial insurer for employee fidelity bond insurance for all employees for losses arising from theft or misappropriation.

NOTE 9 - CONTINGENCIES, LITIGATION, AND PROJECT COMMITMENTS

The College is party to various lawsuits arising out of the normal conduct of its operations. In the opinion of College management, there are no material claims or lawsuits against the College that are not covered by insurance or whose settlement would materially affect the College's financial position.

The College participates in certain Federal grant programs. These programs are subject to financial and compliance audits by the grantor or its representative. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Management believes disallowances, if any, will not be material.

Project Commitments

As of June 30, 2011 the College had various open project commitments with remaining balances approximating \$727,474. The amount and timing of payment depends on the availability of the vendor and consideration of the inconvenience to students while the work is being performed.

The Foundation utilizes a distance learning satellite system and leases the distance learning technology to partners within a seven county area. All of these leases are fully reimbursed by parties using the system.

Inventories

Effective July 14, 2006, the College outsourced the management of its Campus Shop operations to Barnes & Noble. The contract term was for a period of seven years during which time the College will receive a guaranteed payment from Barnes & Noble and a percentage of sales. At the time of transition Barnes & Noble purchased all sellable inventories from the College.

NOTE 10 - LEASE OBLIGATIONS

Operating Leases

The College uses various pieces of equipment under non-cancellable lease agreements. The terms of the agreements require monthly payments ranging from \$118 to \$31,500 for terms averaging 60 months. The future minimum lease payments required for these operating leases as of June 30, 2011 were as follows:

<u>Year Ended June 30</u>	
2012	\$ 470,651
2013	469,298
2014	<u>425,446</u>
Total Minimum Lease Payments	<u>\$ 1,365,395</u>

Total rent expense of \$477,282 was recognized for the fiscal year 2011.

Facilities Leased to Others

The College leased certain office space to other State agencies under non-cancellable leases ranging from 12 to 24 months. The monthly lease payments required were determined based on square footage used and ranged from \$250 to \$ 3,436. The required future minimum payments to be received are:

<u>Year Ended June 30,</u>	
2012	<u>\$ 70,579</u>
Total	<u>\$ 70,579</u>

The College recognized \$71,579 as revenue under these operating leases during the fiscal year ended June 30, 2011.

Piedmont Technical College entered into a loan agreement with West Carolina Rural Telephone Cooperative, Inc. dated April 29, 2011. The loan was issued to the College as a sub-recipient pursuant to the Rural Economic Development Loan and Grant Program (313 of the Rural Electrification Act of 1936, as amended, and 7 CFR part 4280, Subpart A). The intent of the loan was to promote rural economic development, which was accomplished through the renovation of a gifted building to be used as our new McCormick County Center. The terms of the loan are as follows: Piedmont Technical College promises to pay to the order of West Carolina Telephone Cooperative, Inc. the sum of five hundred thousand dollars (\$500,000) without interest in 108 monthly installments of \$4,630 on the last day of the month beginning April 2012. The College shall have the right to prepay the obligation set forth in the note in whole or in part at any time without penalty.

NOTE 13 - STUDENT INSTRUCTIONAL FEES

Since the College receives financial support from county, state and federal sources, students pay only a small portion of the total cost of their education. Instructional fees are based on the extent of financial support provided by the county in which the student resides and were as follows for 2011:

Tuition for students from fully supporting counties Greenwood, McCormick, Newberry and Saluda	\$1,711
Tuition for students from non-fully supporting counties may be increased by a maximum of \$156 for students from counties listed below which contribute only partial support:	
Abbeville, Edgefield and Laurens	\$1,867
Other South Carolina counties	\$1,915
Out of State	\$2,515

NOTE 16 – STATE FISCAL STABILIZATION FUNDS (ARRA FUNDS)

The College incurred expenditures of \$2,361,349 during fiscal year 2011 under American Recovery and Reinvestment Act (ARRA) funding. These funds were awarded to the College as pass-through awards from the U.S. Department of Education (State Fiscal Stabilization Funds), U.S. Department of Labor (Workforce Investment Act), and the U.S. Department of Energy (State Energy Program). ARRA funds were expended primarily for adjunct salaries, WIA scholarships and job training, as well as to create public computer centers.

NOTE 17 - RELATED ORGANIZATIONS, RELATED PARTY TRANSACTIONS, AND TRANSACTIONS WITH DISCRETELY PRESENTED COMPONENT UNITS

Certain separately chartered legal entities whose activities are related to those of the College exist primarily to provide financial assistance and other support to the College and its educational program. Financial statements for these entities are audited by independent auditors and retained by them. They include the Piedmont Technical College Foundation.

Management reviewed its relationship with the Foundation under the existing guidance of GASB Statement No. 14 as amended by GASB 39. Because of the nature and the significance of its relationship with the College, the Foundation is considered a component unit of the College.

The Foundation paid a total of \$282,044 in scholarships and grants to the College during 2011. The Foundation reimburses the College for any purchases made by the College on behalf of the Foundation. The College provides office space and management services to the Foundation. The value of this office space and management services totaled \$43,600 for the year ended June 30, 2011.

Piedmont Technical College is one of the partners in network with other educational institutions in the seven county area serviced by Piedmont Technical College in distance learning technology (PEN) for the delivery of classes. Piedmont Technical College paid the Foundation \$378,000 for the use of seventeen rooms and for use of the PEN system.

There were no related receivables or payables as of June 30, 2011.

NOTE 18 – SUBSEQUENT EVENTS

Subsequent events were evaluated through September 8, 2011, which is the date the financial statements were available for issuance. Events occurring after that date have not been evaluated to determine whether a change in the financial statements would be required.

PIEDMONT TECHNICAL COLLEGE
Notes to Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2011

1. GENERAL

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal award programs of Piedmont Technical College. The reporting entity is defined in Note 1(B) of the College's financial statements. All federal awards received directly from federal agencies, as well as federal awards passed through other government agencies, are included on the schedule.

2. BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards is presented using the accrual basis of accounting, which is described in Note 1(D) of the College's financial statements.

3. LOAN PROGRAMS

The College has students who have approved Federal Direct Loans. Those loans were disbursed to the students during the current fiscal year. The College is not the lender. The College only processes the loans for the lender, the Department of Education. The total Federal Direct Loans for the current fiscal year were \$13,740,098.

Compliance

We have audited the compliance of Piedmont Technical College (the "College") with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the College's management. Our responsibility is to express an opinion on the College's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the College's compliance with those requirements.

In our opinion, the College's complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance

The management of the College is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the College's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance, and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the members of the Area Commission, management and the federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Auditor's Report on Internal Control
Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed
in Accordance with *Government Auditing Standards***

Members of the Area Commission for Piedmont Technical College
Piedmont Technical College
Greenwood, South Carolina

We have audited the basic financial statements of Piedmont Technical College (the "College") as of and for the year ended June 30, 2011, and have issued our report thereon dated September 8, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Controls Over Financial Reporting

In planning and performing our audit, we considered the College's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Area Commission, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.
