- South Carolina's Technical College Beginning Motorcycling Class takes a building block approach to learning to ride a motorcycle. Each exercise builds on the skills, knowledge, and confidence acquired in the previous exercises. If you are unable to consistently achieve exercise objectives, the Instructor will counsel you out of the class. **A tuition refund will not be issued.**
- It is natural to be nervous about learning to ride a motorcycle. While some fear is to be expected, excessive fear can lead to tenseness and ultimately to mistakes on the riding range. If the Instructor perceives that you have an excessive amount of fear and are a danger to yourself or other students, the Instructor will counsel you out of the course. **A tuition refund will not be issued.**
- You are expected to follow directions provided by the Instructors. Failing to following instructions repeatedly may be grounds for dismissal by the Instructor. **A tuition refund will not be issued.**
- There will be a written and riding assessment administered at the end of the class. You must pass both assessments to obtain a class completion card. The Instructor's decision is final with respect to whether you have passed or failed an assessment. **Retests are not authorized!** Our goal is for you to have fun while learning basic motorcycling skills and to assist you in deciding if motorcycling is for you. Insurance companies are authorized to provide a discount.
