Procedure

The Department of Public Safety plays a key role in protecting the campus and its occupants during emergency or crisis situations which develop. Such situations include natural acts and those which may be created by the actions of persons. A Comprehensive Emergency Operational Plan has been developed for the purpose of articulating specific procedures to be observed, as circumstances require. This plan is a part of the Public Safety Office Directive and establishes guidance to the faculty/staff, students and visitors in the event of an emergency.
