Easing the Process for Transfer Students

Transfer Students with an Associate of Arts, Associate of Science, Bachelor of Arts or Bachelor of Science Degree

Transfer students accepted to Coastal Carolina University with an earned Associate of Arts, Associate of Science, Bachelor of Arts or Bachelor of Science degree from a regionally accredited institution will have all core curriculum requirements waived. Transfer credits earned by the student may be applied to foundation, minor, cognate or major requirements, or will be counted as electives. Course prerequisites and minimum credit requirements for the awarding of degrees will still apply.

Online Resources for Transfer Students

Students interested in transferring to Coastal Carolina University or taking classes during the summer session may now access two websites for transfer information. These websites offer students the ability to:

- Locate information related to transfer requirements (including application deadlines), the transfer of credit and contact information for institutional transfer officers;
- Access transfer agreements that exist for the institution; and
- Search for course equivalencies to determine how courses taken at one institution will transfer to Coastal Carolina University.

The first portal, collegetransfer.net, is a national portal and contains information for institutions across the United States. The second portal, sctrac.org, is designed specifically for South Carolina-based students. Both sites contain information on transferable courses and transfer agreements, as well as acceptable CLEP, AP and IB credits. The data contained on both sites are continually updated as new equivalencies are determined.

The Transfer Student and Admission

An applicant is considered a transfer student when he or she has attended another regionally accredited postsecondary institution in any capacity after completing high school. To be considered for admission, the transfer applicant should have earned a minimum cumulative collegiate 2.0 GPA or a "C" average in at least two full-time semesters of course work (24 transferable credits) or the equivalent from all regionally accredited colleges/universities attended.* Cumulative collegiate GPA will be based on transcripts and will not be recalculated. Applicants who have earned fewer than 24 transferable credits or the equivalent must meet both transfer and freshman admission requirements. Applicants age 22 or older are not required to submit SAT or ACT scores. (See the Coastal Carolina University Catalog for complete freshman admission information.)

For admission to Coastal Carolina University from another institution, a transfer student must:

- Complete an application for admission and submit a nonrefundable application fee,
- Provide official copies of transcripts from all previously attended institutions directly to the Office of Admissions and Merit Awards, and
- Be academically eligible to return to the last institution attended as a degree candidate (e.g., not on academic or disciplinary suspension).

Decisions for admission are made after all official credentials are received.

*Transfer students who have earned an Associate of Arts or an Associate of Science degree from a regionally accredited college or university will be automatically accepted to the University provided that they satisfy the non-academic admissions review portion of the admissions application. Associate in Applied Science degrees and degrees from foreign institutions are not eligible for automatic acceptance.

Transfer Policy

Coastal Carolina University has adopted the following policy for determining transfer of academic credits from regionally accredited institutions:

1. A student transferring to Coastal Carolina University will submit all official transcripts to the Office of Admissions and Merit Awards for evaluation.
2. Up to 76 transferable credits of college parallel courses may be accepted from a regionally accredited two-year college transfer program to be applicable toward a Coastal Carolina University degree.
3. Up to 90 transferable credits of college parallel courses may be accepted from regionally accredited four-year colleges or universities to be applicable toward a Coastal Carolina University degree.
4. Prior to graduating from Coastal Carolina University, and regardless of the point in the student's academic career at which any student enters CCU, the student must complete the last 30 semester hours in residence while enrolled in classes at Coastal Carolina University or through sanctioned Coastal Carolina University academic exchange programs.
5. A minimum grade of "C" (e.g., C-, C or C+) in a course is required for transfer credit to be awarded for that course.
6. Credit for work completed at another institution by Coastal Carolina University students will not be accepted for transfer credit if the student has previously failed to earn the required grade in an equivalent course at Coastal Carolina University.
7. Courses taken at another institution while under academic suspension may transfer to Coastal Carolina University in accordance with University transfer policies.

Transcript Evaluation

The Office of Admissions and Merit Awards will complete a preliminary evaluation of transcripts to identify courses that can transfer for credit to Coastal Carolina University. An official list of those transferable credits is then forwarded to each accepted transfer student. Refer to the list of approved courses for transfer in this guide.

The department chair or adviser evaluates specific courses, as needed, and determines which course credits apply to that particular major.

For additional information on transcript evaluation, call the Office of Admissions and Merit Awards at 800-277-7000. If a student later decides to change his/her major, a re-evaluation of applicable credits must be completed by the department chair of the new major.

Admission to the Marine Science Degree Program

Transfer Students

Prior to being admitted to the Department of Marine Science as a degree candidate, a transfer student must meet the general admissions requirements and complete one of the following:

1. A score of 510 or higher (exams taken after March 2016) or 470 or higher (exams taken prior to March 2016) on the math subtest of the SAT exam or a score of 20 or higher on the math subtest of the ACT exam. Students may retake the SAT or ACT and submit new scores for consideration.

OR

2. Completion of Math 130 or Math 130I (College Algebra) or a higher-level math course with a grade of at least "C" from a regionally accredited college or university. Students will be placed into mathematics courses based on

college-level courses completed or from results from the math placement test taken prior to Orientation.

Students who meet general admissions requirements, but do not satisfy requirements for admission as a degree-seeking Marine Science major will be admitted as a Marine Science pre-major. A student classified as a Marine Science pre-major is not eligible for the Academic Common Market. Only students who are fully admitted into the major are eligible to apply for consideration of this designation.

Admission to the Intelligence and National Security Studies Program

Prior to being admitted to the Department of of Politics as an Intelligence and National Security Studies degree candidate, a transfer student must meet the general admissions requirements and must meet one of the following requirements:

1. A minimum score of 1120 or higher on the SAT (exams taken after March 2016) or 1040 or higher on the SAT (exams taken prior to March 2016) or a minimum score of 22 on the ACT exam and a minimum cumulative high school GPA of 3.5 or higher

OR

2. Complete INTEL 200 with a grade of 'B' or higher from a regionally accredited college or university.

Students who meet these requirements may be admitted into the full degree program prior to enrollment.

Students who meet general admissions requirements, but do not satisfy requirements for admission as a degree-seeking Intelligence and National Security Studies major will be admitted as an intelligence and National Security Studies pre-major. A student classified as a pre-major is not eligible for the Academic Common Market. Only students who are fully admitted into the major are eligible to apply for consideration of this designation.

Transfer Credit Restrictions

As a general rule, credits earned in courses that apply to one or more of the following categories are usually not acceptable for transfer credit:

- Courses that are occupational or technical in nature,
- Courses that are essentially remedial, or
- Courses not recognized in that institution's catalog as part of its college parallel transfer program.

Exceptions to the above categories may be made only by the Dean or designee of the college in which the student plans to enroll (major), by the Dean or designee of the college that offers the course, or by the Interdisciplinary Studies Committee in specific cases where such courses are judged to be uniquely relevant to the student's degree program.

Certain degree programs do not recognize some transfer credit from two-year institutions for courses that are considered upper division or upper level courses at Coastal Carolina University. However, some degree programs will grant transfer credit for such courses as lower level electives or core curriculum requirements. **Each transfer student is encouraged to discuss the transfer of academic credits not listed in this guide with department contacts or with his/her adviser, who is assigned by the Dean**

of the student's major. Students should be aware that changing their majors while at Coastal Carolina University will require a re-evaluation and approval of their transfer credits for application to their new majors.

Calculation of Coastal Carolina University Grade Point Average

Coastal Carolina University accepts the credit only for transfer, not the *grade* for grade point average (GPA) calculation. (A student's GPA is calculated on Coastal Carolina University courses only.)

The GPA is calculated on the basis of all work in the student's career **at Coastal Carolina University**. All credits earned at other institutions and transferred to Coastal Carolina University may be used to satisfy program requirements but will not be calculated as a part of the GPA.

The following designations indicate a consistently high level of academic achievement throughout the student's entire academic career. To graduate with such honors, a student must have earned at least 60 credit hours applicable toward the degree "in residence," meaning at Coastal Carolina University (which can include credits earned through officially recognized Coastal Carolina University academic exchange programs). Courses taken as a transient (visiting) student at other institutions, by correspondence, by examination (departmental or CLEP), by exemption, or earned through military credits are not considered "in residence."

All course credit beyond 90 credit hours must be completed "in residence" at Coastal Carolina University, and at least 12 credit hours of the student's major courses and six (6) credits of minor courses must be earned at Coastal Carolina University. Degree programs that require the final academic year to be taken at an external institution are exempt from this requirement. Those degree programs must instead ensure that a minimum of 25 percent of the degree program's requirements, including 12 credit hours of the student's major courses and six (6) credit hours of minor courses, are taken "in residence" at Coastal Carolina University. Some programs impose greater student residence and/or major and minor requirements. Consult the Coastal Carolina University Catalog.

A maximum of 90 transferable semester credit hours of college parallel courses may be accepted from regionally accredited four-year colleges or universities to be applicable toward a Coastal Carolina University degree.

A maximum of 76 transferable semester credit hours of college parallel courses may be accepted from a regionally accredited South Carolina technical college or two-year institution to apply toward a Coastal Carolina University degree.

Unless noted above, regardless of when students enter the University, **they must complete the last 25 percent of credit hours** before graduation enrolled in classes approved by the appropriate chair of the department from which the degree will be granted. All degree applicants are urged to confer with the chairs of their respective departments about their programs and degree requirements prior to the beginning of their last two semesters "in residence" at the University to ensure completion of all requirements.

Some departments have specific requirements for graduation as part of the department's other requirements. For example, art majors must submit portfolios for faculty review at the end of the sophomore year and also prepare to display their works in a senior art show. English majors must score a passing grade on the English assessment exam in addition to the English degrees other requirements.

Students are responsible for their individual academic programs and for meeting the requirements of their major department and the University.

Approved Courses for Transfer

Note: The student must have earned at least a “C” in the course for transfer credit to be awarded. Refer to the current Coastal Carolina University Catalog for course descriptions.

Visit Coastal Carolina University on the Web at coastal.edu

Coastal Carolina University reserves the right to add or drop programs and courses, to change the calendar that has been published and to institute new requirements when such changes appear necessary. Every effort will be made to minimize the inconvenience such changes might create for students. Suitable substitutions will be allowed for required courses which have been withdrawn.

Information in this publication is subject to change without notification.
Office of Admissions and Merit Awards

Coastal Carolina University (CCU) does not discriminate on the basis of race, color, religion, sex, national origin, age, genetic information, mental or physical disability, or status as a disabled or Vietnam-era veteran in its admissions policies, programs, activities or employment practices. For more information relating to discrimination, please contact the CCU Title IX Coordinator/EEO Investigator; Coastal Carolina University, Kearns Hall 104B, Conway, SC; Title IX email titleix@coastal.edu; office phone 843-349-2382; Title IX cell phone 843-333-6229; EEO email eeo@coastal.edu; or the U.S. Dept. of Education Office for Civil Rights at www2.ed.gov/ocr.
