## Program Overview

The Human Services major is ideal for students considering a career in human services as well as for students who already have experience in human services. Students new to the field will gain an excellent foundation in theory and practice related to human services and will have the opportunity to gain hands-on experience through practicums and field-based learning options. Students already experienced in human services can use and build upon their work experiences while acquiring new knowledge, skills and the direction needed to move into new or more advanced positions in the field.

The program prepares students to work in diverse settings such as group homes; correctional, mental retardation and mental health settings; family, child and youth service agencies; and programs concerned with alcoholism, drug abuse, family violence and aging. Near the end of the degree program, students will complete two supervised field placements. These placements are designed to give students an opportunity for practical applications of theories and concepts they are learning in the classroom. Students are required to have an acceptable background check. A criminal record could make you ineligible for enrollment or participation in a cooperative work experience, creating an inability to graduate from the program.

<b>SPRING SEMESTER</b>		<b>CREDIT HOURS</b>
ENG 102	English Composition II.....	3.0
SOC 101	Introduction to Sociology.....	3.0
