Program Overview

We all know that agriculture is an important part of South Carolina's heritage, but did you know that agriculture-based businesses play a critical and expanding role in the state's economy? In fact, agribusiness is one of the largest economic clusters in the state and a critically important part of the knowledge-based economy.

PROGRAM REQUIREMENTS

A.A.S., Major in Diversified Agriculture

Located in agriculture-rich Saluda County, the Diversified Agriculture degree will give you the hands-on training and in-depth classroom instruction to understand and master the daily requirements of a career in agriculture.

This curriculum provides students with technical knowledge in animal science, farm maintenance, welding, farm soil conditions, environmental and natural resources with advanced technical knowledge in sustainable agriculture, field crop production, pest management, soil and water management, hydraulics & pneumatics, agriculture economics and marketing related to the agricultural industry. Also included is an internship program to provide students with real hands-on experience in the agriculture industry.

NOTE: Students wishing to transfer to a four-year institution should consult their advisor for possible higher level requirements and for other transferable course information.
