Program Overview

Piedmont Technical College's nursing programs meet the unique learning needs of students by providing a quality education. They prepare students for the challenges of modern health care. The classroom instruction in nursing concepts, coupled with practical clinical experience at area health care providers will ensure that the graduates are well qualified to enter the nursing field. Upon completion of the designated clinical programs, students will be prepared to take the NCLEX licensure examination.

PROGRAM REQUIREMENTS

Graduates of the PN program are eligible to apply to take the National Council Licensure Examination for Practical Nurses (NCLEX- PN). The licensed PN (LPN) is qualified to continue their nursing education through the LPN to ADN transition program.

The PN program is approved by the Board of Nursing for SC.

Admission: Acceptance into Piedmont Technical College's PN program is competitive and is limited to 32 students to begin fall and spring semesters. See the college calendar or website for application dates.

Students must meet the following criteria to be considered for admission into the PN program:
