Program Overview

Upon successful completion of the Associate in Arts (A.A.) or Associate in Science (A.S.) degree, a graduate can transfer to a four-year college or university. There are many career opportunities that require an A.A. or an A.S. degree, allowing the graduate to enter the work force. Piedmont Technical College's A.A. and A.S. programs are flexible enough for students to tailor their coursework to the requirements of the four-year college or university they have chosen. Entrance requirements for transfer students vary widely among senior colleges and universities. Only the institution to which the student is transferring can determine which credits will be accepted. Students are encouraged to obtain catalogs from their prospective four-year colleges to assist in course selection. While it is the responsibility of each student to plan a program of study to meet the requirements of the institution to which the student plans to transfer, informed academic advisors are available to assist students in their course selections. Students must complete their courses at Piedmont Technical College with grades acceptable to the college to which they request admission and transfer of credit. Generally, most courses with a final grade of less than "C" will not transfer to four-year institutions, and some institutions require an overall GPA of 3.0 or higher for admission.

PROGRAM REQUIREMENTS

A.A., ASSOCIATE IN ARTS

The Associate in Arts degree is designed for the student planning to transfer to a four-year program and for the student who wishes to broaden general knowledge. The A.A. program is designed to prepare students for four-year baccalaureate majors in fields such as business, accounting, management, English, journalism, social work, education, nursing, music, psychology, history, pre-law and other humanities, fine arts and social sciences.

Electives depend on students' educational goals and may show wide variety. Students should consult their advisors for appropriate elective courses. Electives may also be selected from any college transfer course marked with an asterisk (*) in

the course description section of the catalog. The Associate in Arts program is available through a combination of traditional, hybrid, and online course offerings and can be obtained fully through the completion of online coursework. Faculty advisors are available to help students select appropriate courses to meet degree requirements and to prepare for transfer opportunities.

Day or Evening Program

COURSE TYPE	MINIMUM	CREDIT HOURS
