In accordance with Title IX of the Education Amendments of 1972, Piedmont Technical College does not discriminate on the basis of sex in its education programs or activities. Title IX protects students, employees, and applicants from sex discrimination in admissions and employment to include discrimination based on gender identity or failure to conform to stereotypical notions of masculinity or femininity. More information regarding Title IX, including contact information for the Title IX coordinators, is available at Title IX Harassment and Sexual Assault Information (https://www.ptc.edu/about/legal-disclosures/title-ix-harassment-and-sexual-assault-information).

RATIONALE

Why do I need this course?

Interviewing is an essential component of the helping process. If an individual works in the Human Service field, he/she must have a solid foundation of interviewing skills on which to build relationships with clients. This course will not only provide the knowledge base, but will also provide “hands on” practice and development of interviewing skills.

PROGRAM INFORMATION

For program information including required courses, program learning outcomes, gainful employment information and advisement information, refer to the Academic Program webpage. Go to Academics (http://www.ptc.edu/academics), select your program, and then select Credentials Offered.

COURSE STUDENT LEARNING OUTCOMES

Upon successful completion of this course and/or clinical, each student will be able to:
Conduct an interview using various methods from the course to gather needed information. • Observe how their actions toward the interviewee affect the success of the interview and modify them as needed. • Identify their values, biases and background and what impact those things can have on their interaction with the interviewee. • Observe the behavior of the interviewee and decide what information they can obtain from it.
